

POLAR WALKTHROUGH

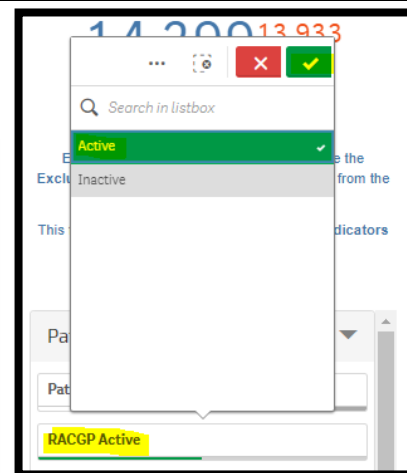

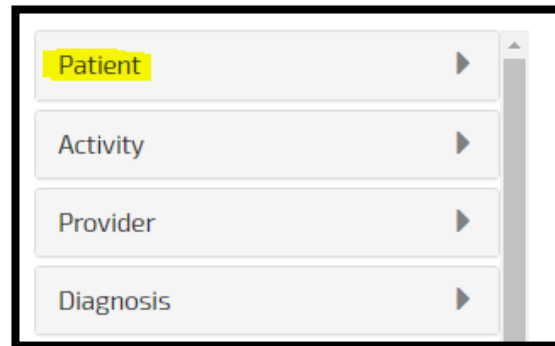

Identifying RACGP active patients with a chronic condition, who have a current GPMP and may benefit from screening for palliative care needs.

This activity guides practices to identify RACGP active patients (have attended the clinic at least three times in the last 2 years), who have at least one of the selected chronic conditions (Cardiovascular, Respiratory and/or Dementia/Alzherimers), and have a current GPMP. These patients may benefit from potential screening for palliative care needs.

Instructions	Screen Shot
Login to POLAR, and navigate to 'Reports', selecting the 'Clinic Summary'	<div><div><div>POLAR</div><div>Reports</div><div>Management</div><div>Downloads</div></div><div><div>Walrus for BP and MD</div><div>Download Walrus</div></div></div> <div><div></div><div><div>Clinic Summary Demo</div><div>Demo for clinics, including clinical indicators</div></div></div>

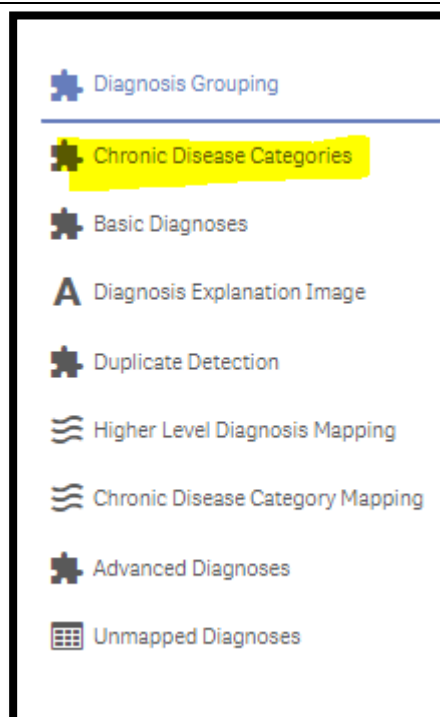

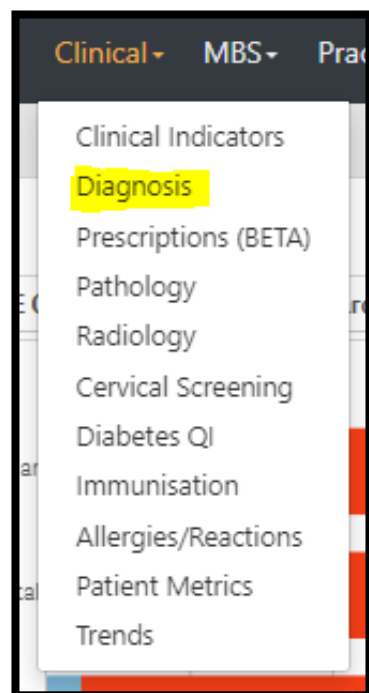

Under the 'Filters' on the left,

- click 'Patient',
- click 'RACGP Active',
- select 'Active'
- and give it a green tick.

To identify patients with at least one chronic condition, hover over the 'Clinical' on the top bar, and select 'Diagnosis'

Then select 'Chronic Disease Categories' on the left side, to enable you to select diagnosis groups (e.g. Diabetes)

Now select the chronic conditions you'd like to target, (e.g.Cardiovascular, and/or Respiratory, and/or Dementia/Alzheimers)

and click the green tick to confirm the filter.

If the condition you wish to view is not listed in the Chronic Disease Categories – you can use the search function under “SNOMED Diagnosis” and **select all relevant coded diagnosis’** that show up.

Please note: this will only identify patients with a coded diagnosis recorded.

Now navigate to the MBS Tracked report, by hovering over 'MBS' across the top, and select 'Tracked MBS' report.

At the top of this report, you can ensure you have selected 'GPMP' to focus the rest of the report on this topic. (click on 'GPMP')

Focus	Tracked MBS Item	Eligible Cohort	Active	Active Review	To Action	Expired	Never Had
👁	GPMP	3,278	1,075	117	2,257	583	1,674
	TCA	3,278	953	117	2,363	567	1,796
	GP Mental Health Plan	638	485	23	408	0	408
	Indigenous Health Assessment	26	2	Not Applicable	24	9	15
	Indigenous Nurse Assessment	11	0	Not Applicable	11	1	10

If you select the button that says 'Fully Claimed' – you can filter by patients who have an active GPMP.

The current focus is on GPMP.

Use the table above to change the focus item, by clicking on the item that you want to view.

(Excluded Patients: 0)

Excluded patients are those defined by the the **Exclusion filters**. These patients are excluded from the patient count.

This functionality is available on the **Clinical Indicators** page.

You can generate a Patient List by clicking 'Patient List' in the top right hand corner.
