

POLAR WALKTHROUGH

Identifying RACGP and practice active patients

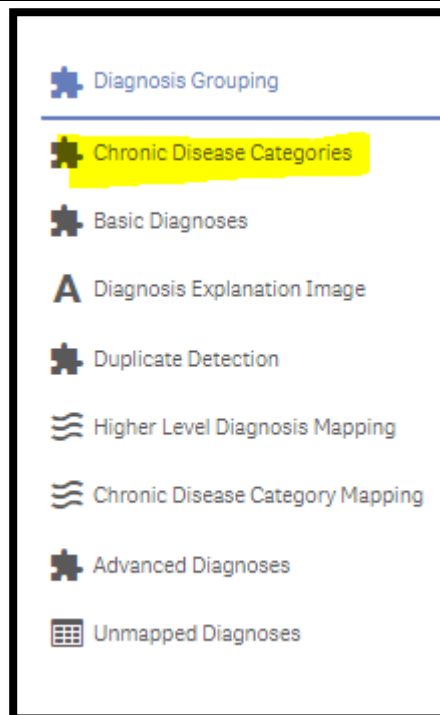

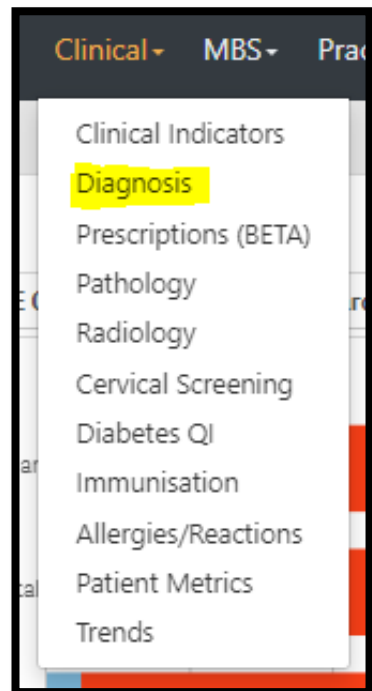

with COPD and a BMI recorded within the last 12 months.

This activity guides practices to identify RACGP and practice active patients who have COPD, and have had a BMI recorded in the last 12 months.

| Instructions | Screen Shot |
|---|---|
| <p>Login to POLAR, and navigate to 'Reports',</p> <p>selecting the 'Clinic Summary'</p> |  |
| <p>Under the 'Filters' on the left,</p> <ul style="list-style-type: none">• click 'Patient',• select 'Active' under Patient Status, and give it a tick.• Select 'Active' under RACGP Active, and give it a tick |  |

To identify patients with a certain active diagnosis, hover over the 'Clinical' on the top bar, and select 'Diagnosis'

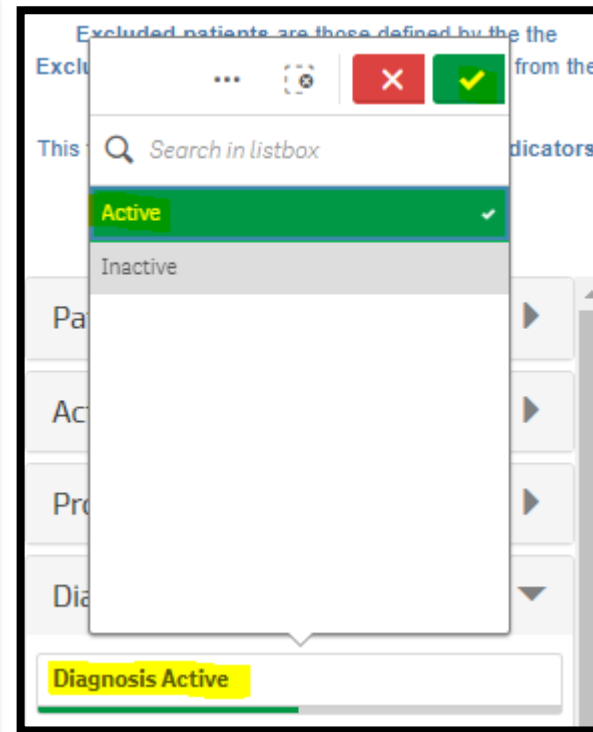

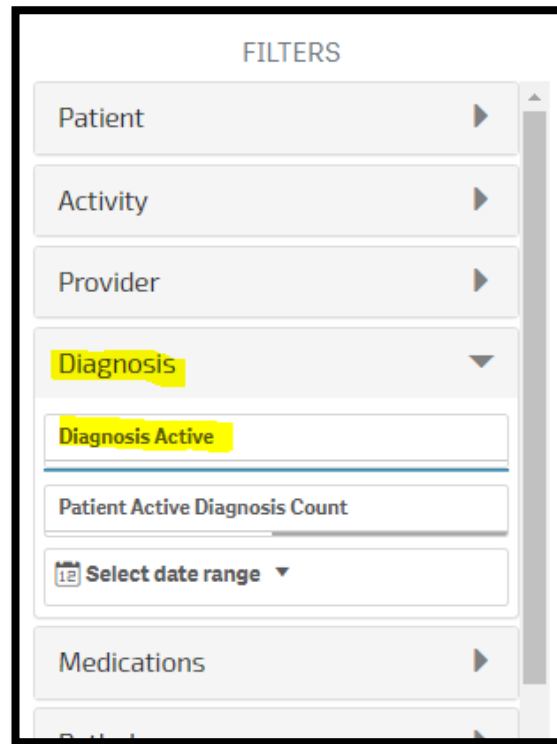

Then select 'Chronic Disease Categories' on the left side.

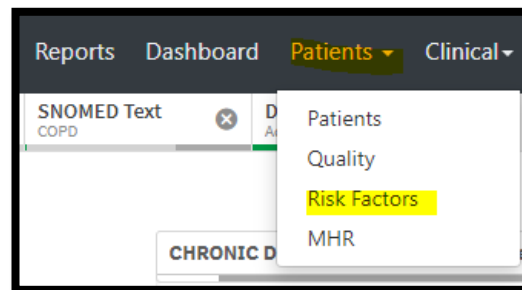

Use the search function under “SNOMED Diagnosis” and type “COPD” select and give it a tick.

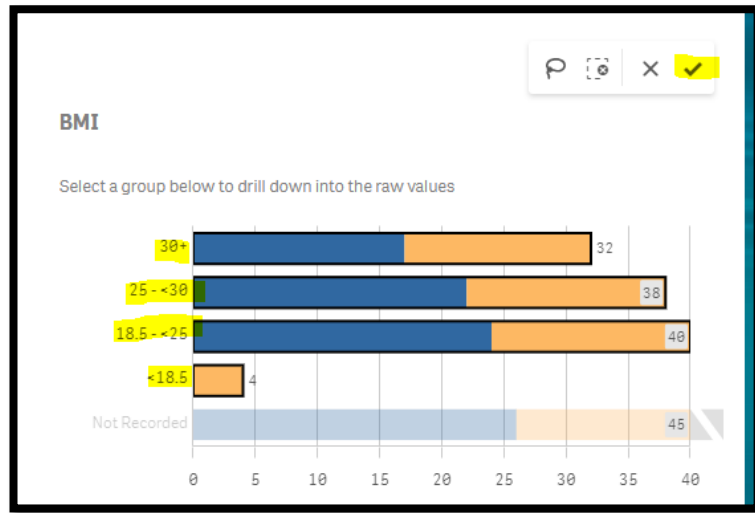

To only include ACTIVE diagnosis', use the filters on the left hand side of the screen, drop down 'Diagnosis', click on 'Diagnosis Active', select 'Active' and give it a tick.

Keeping your current filters, hover over the 'Patients' report tab at the top and select the "Risk Factors" report.

On the BMI graph, select all the bars (other than “Not Recorded”) and give it a tick.

On the filters on the left hand side, click 'Activity' and click into 'Select Date Range' – here you can select the start date and the end date (make it 12 months).

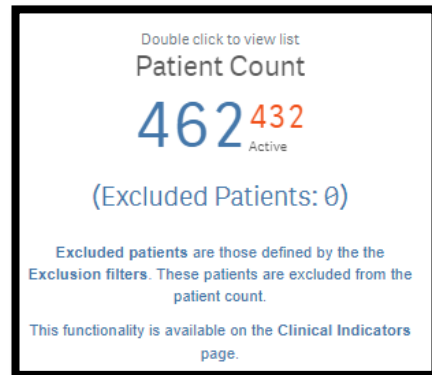

A vertical sidebar titled "FILTERS" containing several filter categories: "Patient", "Activity", "Activity Type", "Patient Activity Count", "Select date range", "Provider", "Diagnosis", and "Medications". The "Activity" and "Select date range" items are highlighted with a yellow background.

You can confirm your filters have been added, by checking the filter bar across the top of the page

– you should see six filters (Patient Status Active, RACGP Active, COPD, Diagnosis Active, BMI and Calendar)

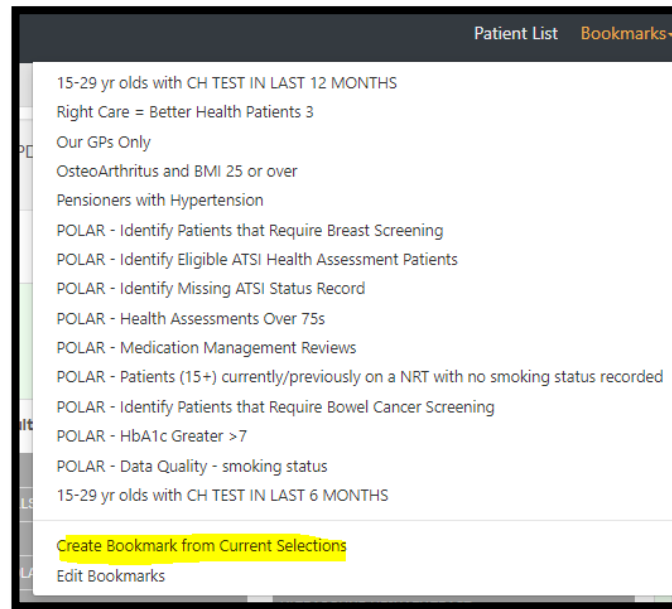

You can also edit the view from patient count to percentages with the button on the top left of the report.

You can view the number of patients who fit within these filters by looking at the Patient Count on the top left corner.

You could save these filters as a Bookmark, to be able to quickly apply the same filters – click 'Bookmarks' and select 'Create Bookmark from Current Selections' – name your bookmark for future use.

Please note: Bookmarks are user specific, so cannot be shared between users or accounts. A bookmark saves your selected filters, so you can review the same search in the future.

You can generate a Patient List by clicking 'Patient List' in the top right hand corner.
